OUTLINES.

In a conference at the White House yesterday, President Roosevelt repeated his objections to the committee substitute on packing house inspection and said he proposed to get an adequate law if possible; Representative Adams who voted in committee for the substitute agreed to do about anything the President wanted——In a speech in the Senate yesterday, Mr. Morgan declared that it was no use to go into hysteria on account of Panama canal finances, as it will pay a big dividend on the investment——The anti-Jewish riots at Bialystok broke out afresh yesterday; the dead of the butchered Jews was still lying in the streets——Secretary Loeb yesterday gave out a synopsis of President Roosevelt's letter to Chairman Wadsworth expressing his absolute disapproval of the meat inspection substitute; he says every change in the Beveridge amendment was for the worse and the substitute suits the packers——His soul and body once separated and where his soul went it saw the Angel Gabriel and the Virgin Mary, was part of the startling testimony given under oath in a Chicago court yesterday by Prophet Dowie——The members of the committee who voted for the meat inspection sub stitute, held a conference with Speaker Cannon yesterday and Uncle Joe says the House will pass a bill that will be all right——New York markets: Money on call higher 3 1-2 to 5 per cent., ruling rate 4 to 4 1-4, closing bid 4; offered at 4 1-2; spot cotton quiet 11.20; flour firm; wheat firm, No. 2 red 96 nominal elevator; corn firm, No. 2 60 3-4 nominal elevator; oats strong, mixed 45; turpentine and rosin firm.

Revelations have come so thick and fast these times that nobody has stopped to sympathize with the optimist.

Says the Macon Telegraph: "Mr. J. Ogden Armour says President Roosevelt has a strong personal animus against the packers." Well, the President has had his stomach turned just the same as other folks.

A Chicago dispatch tells of a million aire who has taken to sleeping on the roof of the house. Still he is in danger when his wife takes a notion in her head to "take the roof off the house."

In the United States court in Chicago on Wednesday John Alexander Dowie created a sensation by declaring that after his death he will return to the world as "Elijah the Restorer" so says a dispatch. Instead of a sensation, the Prophet doubtless created amusement.

Says the Baltimore Sun: "Since Platt has ceased to represent the express company and Depew can do nothing for the railroads, they may let the Legislature for the first time select some Senator from New York." Has it come to it that Congressmen of that class are out of a job?

From the sea to the mountains of North Carolina is a long jump and there are more kinds of climate than we have from Wilmington to Maine. Asheville reports that snow flakes came down there last Wednesday. What do you think of snow in North Carolina on the 13th of June?

Mr. Robert B. Roosevelt, uncle of President Roosevelt, died on Long Island, New York, early Thursday morning, aged 76 years. He practiced law in New York till 1871, when he retired to devote himself to literature and statecraft. He was an unswerving Democrat and has been in the diplomatic service of this country.

In a letter from Elijah II Dowie to Voliva, the prophet tells of an interview that he had with President Roosevelt. He quotes the President as saying: "I'm a Theocrat," adding, "I don't want to hold office much longer, and I want to be free to say and do things which I cannot do in the Presidential chair." Dowie is running the risk of being classed with the others who try to quote the President.

The joint meeting of the press associations of North Carolina and Virginia will be held at Chase City, Va., July 13th, 14th and 15th. Governor Swanson, of Virginia, and Governor Glenn, of North Carolina, are expected to attend and deliver addresses. The editors of the two States have met together on two former occasions and they like it. It is a capital idea for the quill drivers to brush up against each other.

THE SUMMER SCHOOL

Important Gathering of Christian Workers This and Next Week at Wrightsville

THE SESSION YESTERDAY

Distinguished Speakers Tell of Best Methods of Training—President Scherer, of Newberry College Spoke Interestingly.

The second annual session of the Carolina Summer School for Sunday School workers of all churches in the Carolinas and along the Atlantic Seaboard, convened yesterday morning in the auditorium of the Seashore Hotel, at Wrightsville Beach. The attendance at the opening session was not large for a number of reasons, chiefly the weather, but by the first of the week an unusually large crowd is expected. The School will remain in session through Thursday. Many visitors are expected on the week-end rates of the railroads to-day.

Prof. H. M. Hamill, D. D., of Nashville, Tenn., supt. of training work for the Southern Methodist church, is dean of the school and is presiding over the sessions, while Mrs. Hamill is in charge of the primary work. Mr. W. B. Cooper, of this city, secretary of the North Carolina Sunday School Board, is also secretary of the school and is taking a lively interest in the proceedings. Dr. Hamill opened the sessions yesterday with a brief introductory address, explaining the scope of the Summer School work and what it was hoped to accomplish at this session. Prayer was offered by Rev. K. D. Holmes, of Roxboro, N. C., a member of the Board of Managers and an enthusiastic worker in the cause. The programme yesterday morning consisted of brief addresses by Dr. and Mrs. Hamill on training work followed by an inspiring sermon by Rev. J. A. B. Scherer, president of Newberry College, S. C., and one of the most gifted men in the Lutheran church, South. His theme was the "Early Christian Church," and the subject was most interestingly developed. An able discourse on "Sunday School Visitation" was given by Prof. H. B. Carre, of the chair of Greek, in Vanderbilt University. All the addresses were listened to with undivided interest by the number of earnest workers in attendance.

It was much regretted that Miss Hilda North, of Washington, D. C., superintendent of drawing, could not be present for the opening session but she has advised the school that she will be present at to-day's session. Miss North will have a place on the programme each day giving the school daily drills, with lapboard and pad sketching, illustrating the current International Sunday School lessons. The programme announced for to-day is as follows:

9:15 A. M., The Four Gospels—Dr. Hamill.

9:45 A. M., Daily Drills—Miss North.

10:15 A. M., The Corner Class—Mrs. Hamill.

10:45 A. M., Teaching, an Art—Dr. Hamill.

11:15 A. M.—Announcements, etc.

11:30 A. M., Equipping the School—Prof. Carre.

12 to 12:40 P. M., Protestantism—Dr. Scherer.

4:30 P. M., Sunday School Helps—Dr. L. F. Beaty, Assistant Sunday School Editor, Marion, S. C.

5 to 5:40 P. M., The Home Department—Dr. Hamill.

The Sunday School workers of the city are cordially invited to attend the sessions. Many valuable lessons in the Sunday School work may be obtained and the hours will be found quite pleasant and entertaining. Among the Wilmington visitors yesterday were Rev. R. W. Hogue, rector, of St. James'; Rev. J. M. Wells, D. D., pastor of the First Presbyterian church, and Mr Charles Dushan, general secretary of the Y. M. C. A.

Visitors at Wrightsville.

Among the prominent visitors at Wrightsville Beach are Rev. A. T. Graham, D. D., and wife, of Davidson College, and Rev. C. G. Vardell and family, of Red Springs. Dr. Graham and wife are at Mrs. Northrop's and Rev. Mr. Vardell and family, at the Hall cottage.

FLOOD DAMAGE WAS GREAT

Further Reports Yesterday Indicated Cloudburst Over This Section—Washouts on the County Roads.

It developed yesterday from further reports that the rain of Thursday amounted almost to a cloudburst. From all parts of the city there were additional reports of washouts and Superintendent of Streets Pickett said that he would be busy with the force for some time to come in repairing the damage done by the heavy downpour. Visitors to the city from the country yesterday told of much damage everywhere. To use the expression of many of these, it was a regular "trash mover and gully washer." It will be wet and damp for many days to come.

The fine macadam road to Castle Haynes was washed entirely in two at the five-mile branch where there is a heavy fill and a four feet culvert underneath. Chairman McEachern, of the Board of County Commissioners, who was summoned early yesterday to look after road damage all over the county, said it would take at least two days with the convict force to repair the damage at the five mile branch. Fortunately there is a turn-out, there and travel will not be seriously hampered by the washout. A brick wing of one of the culverts at Delgado, on the Wrightsville turnpike was also washed out and this will have to be attended to at once. At Prince George Creek, on the Castle Haynes road, the new bridge recently put in there with concrete abutments stood the flood well, demonstrating the wisdom of the Commissioners in ordering the reinforced concrete work for other permanent bridges that are to be built in the county this year. Although the creek at Prince George is the highest ever known the bridge is standing the water all right.

On the Masonboro road, just this side of the Montford place, the bridge there has been undermined to some extent but the damage can easily be repaired. A bridge and culvert in a fill in the Federal Point road just this side of Mr. Louis Horne's place was also washed out.

DREDGE FOR CAPE FEAR.

It Will Cost $55,000—The Marine Hospital.

The Washington correspondent of yesterday's Raleigh News and Observer says:

"The dredge that is to be purchased by the War Department for use on the lower Cape Fear is to cost $55,000 and not $5,500 as was the announcement in this correspondence after the telegraph company got through with my special. Representative Patterson has been working for this dredge for some time, and he deserves the credit of having secured the large expenditure for the improvement of the Wilmington harbor.

"The Treasury Department having announced that the Marine Hospital at Wilmington would be discontinued July first, the commercial organizations in that city have taken steps to have the order revoked, if possible. Today Senator Simmons and Representative Patterson called on Surgeon General Wyman to take up the matter, but they were referred to Secretary of the Treasury Shaw, who is absent from the city and will not return until Friday. Mr. Shaw has ordered the discontinuance of the Marine Hospital at Buffalo, N. Y., St. Louis, Mo., Louisville, Ky., Evansville, Ind. Memphis, Tenn., Vineyard Haven, Mass. in addition to the one in Wilmington.

TRAP SHOOT YESTERDAY.

Medal Again Won by Brooke G. Empie, Esq—The Scores.

Although the weather was not so favorable yesterday, there was a very good attendance at the regular weekly trap shoot of the Wilmington Gun Club and some very good scores were made. Brooke G. Empie, Esq., won the gold medal for a second time since it has been offered, it having been held the past week by George Harriss, Esq.

The scores were as follows: Sanders, 19, 16; Harriss, 23, 15, 19; Littig, 17, 19, 15; Hergenrother 18 17 21; Jones 6, 5; Lefever, 5, 7; Bowen, 12, 12, 18; Bellamy, 17, 20, 21; Russell 16, 14; Boushee, 16, 21; Penny, 22, 19, 16, 14; Holmes, 17, 20; Warren, 20, 20; Remington, 12, 10; Dreher, 22, 20, 16; Empie, 23, 21; Loder, 11, 10; Truelove, 13, 8.

The team shoots of the club will be resumed as soon as the conditions are favorable. There is now quite a good deal of interest in the sport and the attendance at the shoots always numbers a large crowd of spectators.

NINE CARS WRECKED

Eastbound Local Freight on Newbern Road Dashed Into Washout Yesterday

FROM THE HEAVY RAINS

Engineer Eugene Knight Slightly Injured—Rolling Stock Demolished—Negro's Narorw Escape—Passengers Transferred.

Nine cars of an eastbound local freight train on the Newbern division of the Atlantic Coast Line were completely demolished in a wreck at the nine mile post, just this side of Scott's Hill, yesterday morning about 7 o'clock. The train dashed into a washout at the bottom of a steep grade at what is known as Sweetwater Branch, the locomotive and tender passing over safely with the exception of the rear wheel of the engine and nine of about fifteen cars behind telescoping and piling up in a confused heap along the track. The engine and tender broke loose from the train and ran on the ties some distance ahead escaping with comparatively no damage. Engineer Eugene Knight, was thrown against his cab and knocked insensible for a short time, but is thought to be not seriously hurt if complications do not follow an operation for peritonitis some time ago. One car stuck in the washout and the eight following it slid over it in all sorts of fashion, leaving the trucks and wheels as if they had been cut off A wrecking train was sent out from Wilmington in charge of Mr. J. A. Fountain, Division Superintendent, and other officials and the tracks were cleared by last night, passengers on the train from Newbern being transferred at the wreck and reaching Wilmington only a couple of hours late.

The washout was the result of the very heavy rains the night before. The train left Wilmington at 5:30 o'clock yesterday morning in charge of Conductor D. W. George and Engineer Knight. Reaching the grade leading down to Sweetwater Branch over which the washout occurred, the engineer shut off his steam and the train was bowling down the grade under its own momentum. At the washout the tracks were out of line and sunken, but fortunately the engine went over all right with the exception of the rear wheel, broke loose and started to ascend the grade beyond. The car next to the engine was a brand new Atlantic Coast Despatch and it stuck in the culvert, forming a barrier over which the other cars pitched in confusion. The five or six cars on the rear of the train did not leave the track. A colored brakeman was standing on top of the last car which remained on the track and he was pitched headlong forwards into a deep hole of water but escaped unhurt. Engineer Knight was thrown on his side and was hurt near the incision made for his recent operation, but he quickly regained himself and when the engine had been jacked up on the track again, he took it into Scott's Hill and reported the wreck to headquarters in this city. A passenger train and a wrecking train were made up immediately and sent out, the passengers, mail and express being transferred there and brought on to the city, arriving at 2 o'clock. The passengers were congratulating themselves upon their arrival that their train did not reach the washout first.

The track was torn up about a hundred yards by the wreck and it was late before the damage was permanently repaired. The property loss in the wreck will be quite large. One of the cars was loaded with machinery and wagon trucks for one of the lumber mills in the Scott's Hill section; another with guano; another with hay and grain and still others with general merchandise. The new car next to the engine was empty. The wreck of the rolling stock was pretty complete and it will probably be burned.

POLICE COURT YESTERDAY.

Several Unimportant Cases—Indictment for Bawdy House.

The Mayor's court yesterday was not of special interest. Less Godwin, charged by Officer J. H. Ottoway with being drunk, submitted and was let off with the costs. R. J. Brown and George McKinney, both white, charged with drunkenness, were allowed to leave the city at their own proposition.

Callie Smith, a colored woman of unsavory character, was arrested on a charge of keping a bawdy house and also under an old suspension of judgment upon condition that she leave the city. She employed Brooke G. Empie and Woodus Kellum, Esqs., to defend her and gave $100 cash bond for her apeparance before the Mayor for trial next Tuesday. The case is being prosecuted with some vigor by the city authorities.

THE PHARMACISTS ADJOURN

Delightful Excursion Down the River Yesterday—Dinner at Southport, Visit to Fort Caswell.

The one hundred and more druggists of the State who have been at the beach the past two days in attendance upon the twenty-seventh annual sessions of the North Carolina Pharmaceutical Association were pleasantly entertained yesterday on a trip to Southport and Fort Caswell on the steamer Sea Gate. While the weather was not all that could be desired the visitors and their friends had a most pleasant day and speak in the highest terms of the entertainment afforded them by their hosts. The boat returned to the city at 6 o'clock yeserday evening, many of the visitors leaving on the evening train for their homes and others returning to the beach to remain there a few days longer. The party came up from the beach yesterday morning on a special car and repaired at once to the wharf of the Sea Gate where the boat was in waiting. After a very comfortable run down the river, the visitors first paid a visit to Fort Caswell and were most cordially received there. They were much impressed with the magnificence of Uncle Sam's big fortifications there and enjoyed every moment of the time on the reservation. From the fort, the party went over to Southport and enjoyed an elegant dinner at the Stuart House, famed for its hospitality and cuisine all over the State. Miss Kate Stuart was the genius who directed the serving of the dinner and to be sure there was nothing wanting. From Southport, the visitors went over to the Cape Fear Quarantine Station and were received most cordially by the officer in charge. This feature of the trip was one of the most enjoyable of the day.

STRIKE AT COAST LINE SHOPS.

Trouble With Boiler Makers at South Rocky Mount.

Rocky Mount, N. C., June 15.—The condition of the strike of the boiler makers of the A. C. L. shops of this place which went into effect two weeks ago, remains practically unchanged. The effect of Mr. Chambers' visit on Tuesday last seems to have affected no compromise. Yesterday thirty-five machinists were discharged from the employ on the ground that services were useless without the boiler-makers. For the same reason four blacksmiths were also discharged. This discharge of the machinists does not relate to their request for advance in wages is being held in consideration by the grand council.

There is some feeling in town between the union and non-union men, which caused a dispute last night on the streets. A few blows were passed, but no one was hurt.

MATINEE AND NIGHT TO-DAY.

Old Favorite "East Lynn" Will be the Offering This Evening.

"Sowing the Wind" was the bill at the Academy last night and the audience pronounced it by far the best play yet produced by Mr. Southern and his company. Miss VanTaessel was clever—very clever—in the difficult role of "Rosemond." Mr. Southern was also splendid in his role and his support was admirable by Douglas Lloyd, J. T. Carey, Raymond Paine, Chas. B. Hawkins, Roland Osborne, Miss Evelyn Clark and Bessie LeRoy.

The company will play a matinee this afternoon when "The Sower of the Church" will be presented and to-night the old favorite "East Lynn" will be seen. The last named will be Mr. Southern's own version and will be seen with interest.

BASEBALL TO-DAY AT HILTON.

Two Games in City League—Weather Promises Rain.

If the weather is good this afternoon an immense crowd will witness two splendid exhibitions of baseball in the City League at Hilton Park. The Weather Man says showers today but the "faithful" are hoping there will be time enough between for the events to be pulled off according to schedule. In the first game at 3 o'clock the Y. M. C. A. and Rattlers will meet and in the second it will be a tug of war between the Giants and Monarchs. There will be no admission and wagonettes will meet the cars at the terminal to transfer patrons to the park. Everybody is invited, the ladies especially.

Week-End Dance.

The regular week-end dance at the Seashore Hotel will be given to-night and promises to attract an unusually large number of visitors. The hotel is well filled with guests from all over the State and many of these will be present for the dance. The orchestra at the Seashore is one of the very best ever on the beach and the music contributes much to the delightful success of all the dances.

WRECK IS BLOWN UP

Revenue Cutter Seminole Established Identity of Sunken Schooner Off Bar

THE OBSTRUCTION REMOVED

Over Five Hundred Pounds of Dynamite Used In Difficult Work at Sea—Schooner Jennie Sweeney Beyond a Doubt.

The United States Revenue Cutter Seminole, Capt. J. H. Quinan, after a hard day's work during which over five hundred pounds of dynamite were used, yesterday evening succeeded in blowing up the wreck of the sunken schooner off the Cape Fear bar, establishing her identity beyond a doubt as the Jennie Sweeney, 574 tons, Capt. Fennimore, of Philadelphia. The identification was by the name plate of the vessel which was dynamited from the stern of the ship and secured by the cutter crew. There are still no tidings of the crew and nothing was found among the wreckage cast up by the explosives to indicate the fate of those on board. It is thought now that all hands were lost. If they had been taken off by a passing vessel, it is almost certain that they they would have been landed at some point along the coast before this time.

The work of removing the wreckage from the path of navigation by the cutter yesterday was a difficult task and the officers and crew were engaged manfully from early yesterday morning until dark last night in accomplishing what has been done. The obstruction is entirely removed with the exception of two spars floating by some rigging. The cutter will again go out to the scene of the wreck today and remove them, after which she expects to proceed to Baltimore for her annual overhauling. Inquiry was made at Southport last night by long distance telephone message to know if there were any reports from along the coast indicating the fate of the crew but nothing could be learned.

Yesterday it was stated that there was no reason to doubt but that the vessel was the Jennie Sweeney from the papers found by Capt. E. H. Adkins, of the steamer Nellie B. Dey, but now every doubt is removed by the result of the cutter's operations to remove the menace to navigation. The Seminole did fine work on this occasion and Capt. Quinan and his gallant crew are to be congratulitted upon their work in this particular.

As stated in yesterday's paper, the Sweeney sailed from Philadelphia May 29th with a cargo of coal for Mayport, Fla. She was an old vessel having been built in 1875 and having been owned in Philadelphia from which port she last sailed. She was formerly the barquentine Jennie Sweeney but was rebuilt a few years ago after having been partially wrecked off the Florida coast. Some wreckage has been taken off her in this latest wreck and it is expected that in a few days the owners in Philadelphia will make claim for it, especially any part of it taken off by the cutter.

AN AMUSING TRIAL.

Defendants Before Bornemann Over 70 Years Old.

An amusing trial took place before Justice Bornemann yesterday afternoon, a large number of spectators having gathered to witness the unusual spectacle of two old colored women, each beyond the three score and ten, who had fallen out, had a fight and charged each other with an infraction of the law before the court. One was the wife of old "Uncle" Joe Gray, the janitor of magistrate's row, and the other was old "Aunt" Lillie Dunstan, who lives in the house with "Uncle Joe" and his wife. The old woman made no concealment of the fact that it was jealousy on the part of the wife that started the trouble and they each confessed that they had a regular hair pulling and finger scratching over the old man, who sat complacently and listened to the whole story, expectorating liberally of tobacco juice where his fidelity to the wife was called into question by one or the other of the old ante-bellum darkeys who were having it out before the magistrate. "Uncle Joe" is janitor for Herbert McClammy, Esq., and Mr. McClammy, by courtesy, appeared for the wife of the old man. By appointment of the court, Walter P. Gafford, Esq., appeared for "Aunt" Dunstan. Finally the whole matter grew into a roaring farce and the "judge" said he would let them both go on promise of good behavior in the future.

MEAT INSPECTION LEGISLATION

President Roosevelt on Thursday made the House Committee on Agriculture sit up straight. He told Chairman Wadsworth, of the committee that he absolutely and positively disapproved of the substitute which that committee has reported to the House to take the place of the amendment of Senator Beveridge providing for government inspection of slaughtering and packing houses, packing house products, and the like. Senator Beveridge's amendment was framed as a part of the agricultural appropriation bill, and among its other provisions it provides that the cost of meat inspection shall fall on the packers. In the committee's substitute the cost is made to fall on the government.

The committee a few days ago gave it out with a good deal of gusto that they were going to report a bill that would thoroughly cover the inspection business, and it is a great fall down for them that the President repudiates their boastful substitute. While the committee was in session it considered four amendments—the Beveridge amendment, the Crumpacker amendment, and the draft of two submitted by Judge Cowan, of Texas, and Mr. Wilson, the latter of whom represented the packers. It is certainly to be regretted that a satisfactory amendment has not been forthcoming, for prompt action by Congress is necessary to prevent injury to a great industry and allay the anxiety created by the packing house disclosures.

Advices from Washington state that something of a reaction has occurred among members of the House who have heretofore been considered thoroughly friendly to President Roosevelt's plans in the matter. This is particularly true among Democrats from the West and Southwest who represent cattle raising districts. The pressure from these interests during the past few days has been tremendous. Constituents have demanded immediate action of some kind in order that the damage done to the meat industry and inevitably transferred by the packers to the raisers of cattle might cease. They have been specially anxious to have the cost of inspection, whatever it might be, paid by the government, fearing that it would result in a reduction in the price paid for cattle by the packing houses.

Owing to this pressure, Democrats who were at first delighted with the President's action are now severely criticising him for not being more deliberate and getting his results by methods calculated to inflict less injury on the meat and cattle industry. It is considered probable that unless some way can be found to shut off debate the presentation of the agricultural appropriation bill, including the provision for meat inspection to the House in full session, will result in a bitter debate, involving the whole question of meat inspection, as well as various political phases of present interest.

The disclosures made in the United States concerning the meat packing industry, has stirred up Switzerland and in the elections on the new food inspection law in that country the measure carried by a large majority. The British Parliament is also taking steps for inspection of the meat industry in that country.

WILLIAMS TO SPEAK IN NORTH CAROLINA.

Charlotte is in luck, for after all, the Hon. John Sharp Williams, the able, distinguished and aggressive Democratic leader in the House, is to speak in the Queen City this Fall. Owing to the pressure of important legislation in Washington during the past month, Mr. Williams had to cancel his engagement to deliver the address at the commencement of Davidson College. He has also accepted invitations to address the commercial clubs in Charlotte, but in each instance had to cancel his engagements. It was a great disapopintment to the people of North Carolina that they have failed so far to hear the distinguished Southern statesman, but Congressman Webb, reminding him of that disappointment, invited him to speak in his district during the campaign this Fall, and especially at Charlotte. The Washington correspondent of the Charlotte Observer, so telegraphed on Thursday, and in his telegram says:

"The invitation caught the brilliant Mississippian, who is ever partial to North Carolinians and who takes great delight in telling his friends that he is a Tar Heel by descent. Mr. Williams has not selected the date for his appearance in Charlotte, but he has promised definitely to make a speech in Webb's district. His time will be at the disposal of the Congressional campaign committee, and most of his speeches will be made in the enemy's country. There is no more effective campaigner in this country than the Democracy's minority leader in the House, who, if political conditions are reversed this fall, will be the next Speaker. It is worthy of note that Mr. Williams' promises at this time to speak in Charlotte this Fall, knocks silly the story that he proposes to resign from Congress in order to accept the Chair of Political History at the University of Virginia. The Mississippian has no idea of resigning and his country and party could ill afford to lose his services in the halls of National legislation. The Democrats have not had a leader in the House to compare with John Sharp Williams since the days of Samuel J. Randall."

We are glad Mr. Williams is coming to North Carolina. Our State honors and admires him, and besides he will be a strong card in the campaign in Congressman Webb's district. We would like to have him in the eastern part of North Carolina during the campaign.

THE DELINEATOR.

The Delineator for July has been received, and that means a season of delight for the hundreds of North Carolina ladies who so eagerly anticipate the coming of that charming publication. The handsome and artistic frontispiece is typical of the Nation's birthday, and the midsummer fashions are exploited to the queen's taste. The fashion plates are rarely artistic and the table of contents particularly entertaining and valuable. The magazine is sent for $1.00 a year; single copies 10 cents. Address The Butterick Publishing Co. (Limited), New York.

CURRENT COMMENT.

—It is a sad commentary on our age that the more money a man has the more lies he tells the tax assessor.—Lumberton Robesonian.

Senator Tillman will probably find time, before congress adjourns, to say something nice about the men who have acted as proxies for him in white house negotiations.—Washington Post.

—Rev. Prof. Arthur T. Abernethy, doubt thought "The Hell You Say!" when accosted by an officer in Philadelphia, Tuesday night, and told that he was wanted for having more wives than Secretary Smoot.—Charlotte Observer.

—Governor Glenn has now been in office about seventeen months. During this time North Carolina and her splendid resources have been advertised to people of other States to a greater extent than ever before. The time Governor Glenn has spent in telling of this State's growth and prosperity has been productive of much good.—Winston-Salem Sentinel.

—"The fact that Stenographer Deal has resigned proves that Director Boykin's contract for thirty million whiskey labels was straight and honest, doesn't it? Will the Columbia Record please answer?" — Anderson Mail. We now wonder how any preacher, theologian or anybody else can have any doubt as to literal truth of the Biblical story about Balaam's ass opening its mouth and speaking, when there is positive evidence in these days that such animals do talk, and even write.—Columbia Record.

—The Tar Heel charges that Senator Butler has never voted a Republican ticket. He has voted since 1894 the same kind of a State Republican ticket each year that everybody opposed to the Democratic machine has voted. In the last campaign he was campaigning in the West under the direction of the Republican National Committee and Republican State Committees. He requested that his last appointment should be on Saturday before the election so he could reach home. But by urgent request he remained to speak in Indiana in Congressman Landis' District on Monday night before the election. This is his excuse for not being able to vote at the last election. Now will the Tar Heel explain why its hero did not vote in the last election? — Raleigh Caucasian (Rep.)

"I'm kind o' discouraged 'bout that new boarder," said Mrs. Corntassel. "Cheer up," answered the farmer. "Theer ain't no use o' tryin' to suit him. He's one o' those fellows that write political articles for the magazines."—Washington Star.

—"So that college professor spoke favorably of your son?" said the fond mother. "Sort of favorably," answered the father. "He said there was no danger of his growing up to be one of these pedants who never know anything except what they get in books."—Washington Star.

—"Doctor, can't you give me something to relieve my sleeplessness?" "Yes; I could prescribe a sedatives, but drugs would do you no real good. Instead of that let me recommend a large, fat onion, to be eaten raw just before going to bed." "Why, doctor, that's exactly what keeps me awake." "How can it possibly have that effect?" "My wife eats it."—Chicago Tribune.

KEELEY CURE SAFE AND SURE

Not One in Ten With Liquor Disease Can Quit Drinking—Keeley is Godsend.

The Keeley Institute, Greensboro, N C.

Mr. friend, Mr. Osborn, as I have enjoyed such good health since I have taken the Keeley Treatment, eight years ago, I feel it my duty to always praise the Keeley Institute for its great and noble work. I believe that Dr. Keeley must have been inspired by the Holy Spirit to have doscovered a cure for such a terrible disease as the liquor habit, one that is so hard to get rid of. There are not many drunkards but who think they can stop it when they please, but there is not one in ten that can stop it without aid of medicine. I know that I could not, and I tried it hundreds of times until I went to the Keeley Institute at Greensboro, N. C. I think God must have had a hand in the Keeley Cure. I believe I would have been dead now had I not taken the treatment.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. A BIG STOCK OF DRESS GOODS ON DISPLAY

At

GAYLORD'S DEPARTMENT STORE

THIS WEEK

FOR MONDAY we will have to show 1,000 yards of Irish Linen Finish 36-inch wide Madras in remnants from 1 1-2 yards to 5 yard pieces, quality worth from 12 1-2c. to 15c. per yard, our price is 9c. per yard.

ON TUESDAY We will show 1,200 yards of 40-inch wide Swiss Lawn running from 5 to 16 yards to a piece, all beautiful quality at 10c. per yard.

ON WEDNESDAY Will Show 15 patterns of white cloths for skirtings as well as cream. This is skirt novelties and would be really cheap at 25c. per yard. Goods to be sold on Wednesday of this week for 10c. and 12c. per yard.

ON THURSDAY Of this week we will place on sale at a special price, a line of mull house wash goods such as wool finish voiles and crepes, goods regularly at 25c. per yard; these goods were bought at half price and on Thursday will be 9 and 10c. per yard.

ON FRIDAY The dullest day of the week we will have 1,460 of Malvern Batiste which is a beautiful line of colored dress goods, goods that regularly bring 9c. to 10c. per yard, are pretty stylish colors. These to be sold at 6c. per yard.

ON SATURDAY We will have all the above on sale and many other specialties provided the lots have not been closed out at prices given for each day.

We have a line of colored Organdies called Organdie Francais at 10c. per yard. They are beautiful patterns.

In our Wash Goods Department, we are showing the strongest line for this season of the year that we have ever had. In fancy white mercerized goods and white piques, we are showing 25c. values for 15c. yard.

THE MILLINERY DEPARTMENT

In this Department we have been very busy. Our trade is very active and we are keeping our stock right up to the minute. We have just purchased this week, a line of beautiful sample hats, untrimmed, goods that are perfectly fresh and of beautiful styles and only one of a kind.

These Hats are on sale at just about wholesale cost.

To describe these hats would be almost impossible as there are three hundred of them and each a different style.

We have just received a splendid line of new Milan Sailors which we will have on sale Monday for $1.25 each.

Also a splendid line of Senate Braid Sailors. There hats were made to sell for $1.25 each; I am now able to offer them to you for 75c. each.

A new lot of made Chiffon Hats with horse-hair braid crowns at $1.25 each.

Received to-day 20 dozen White Violets; nice bunches of White Violets at 39c., 50c. and 58c.

A nice line of Children's and Misses Duck Hats, trimmed with a feather and silk ribbon, George Washington Style. These hats were made to retail for $1.00 each; I will have them in on Tuesday and will sell them for 50c. each.

LADIES' KIMONAS AND DRESSING SACKS——We have received this week a new line of Kimonas, Pretty Japanese colors. We have both short and long Kimonas from 75c. to $2.98 each.

SWEET ORR WORKING SHIRT——For the best shirt sold in the city try Gaylord's line of Sweet Orr Working Shirt. We have secured the agency for this line of goods and we carry a full line of sizes. The garments are each made perfect and they sell at sight. The price is only $1.00 each.

GAYLORD'S LINE OR WASH CLOTHING FOR BOYS AND WASH DRESSES FOR CIRLS.

This is a line of goods long sought by Mothers. The little suits and dresses are sold for less than you can have them made and the line is constantly increasing in sales every day.

We ask that should you be in need of this class of goods you will see our line.

Don't forget our line of muslin underwear. Remember we control the agency and the output of **THE ROYAL MUSLIN UNDERWEAR COMPANY.** There is no better house for underwear we think, in the United States, and we tried numbers of them before we tried this line. We have just received a nice new assortment to-day. The price is right, the goods correct and the sizes perfect.

Remember the special sales of this week. Each and every day has bargains to meet. You will not find our stock run down and desirable goods sold out. Our stock is complete in every department.

SPIRITS TURPENTINE

—Laurinburg Exchange: The town property is listed at $500,000, but couldn't be bought for three times that amount.

—Mr. Samuel Martin, aged 92 years, who has been conducting a hotel at Versailles, Mo., for a half century, died there on Wednesday. He was born in Rockingham county, N. C., and emigrated to Missouri in 1848.

—Louis N. Grant, the nominee for postmaster at Goldsboro is in Washington, and from assurances given him at the Postoffice Department and by members of the Commitee on Postoffices and Postroads he expects to be confirmed in a few days. Ex-Senator Marion Butler has held up confirmation for five months.

—Pender Chronicle: In the suit of W. O. Pope vs. A. C. L. Railroad for failure to deliver a shipment of guano, which had been delayed three or four weeks, judgment was rendered against the railroad for $40. The legal battle was a fine one. Mr. J. T. Bland appeared as the attorney for the railroad and Mr. E. L. Larkins for Mr. Pope.

—Lumberton Robesonian: The following item is taken from Facts and Figures, published at Raeford: "Our townsman John Black claims to be the champion cotton grower of the world. He grew it last year at the rate of 12,000 pounds to the acre." When we were a farmer it took about 1,350 to 1,500 pounds of seed cotton to gin a bale of lint to weigh 500 pounds. According to this, John Black made, last year, not less than eight bales of cotton to the acre.

—Mount Olive Tribune: Including yesterday's shipments about 1,500 barrels of Irish potatoes have been shipped from Mount Olive this season, which opened up last week. The rainy weather of Tuesday and yesterday has deterred digging, but will improve the quality of the potatoes very materially. The price yesterday was from $2.75 to $2.80 per barrel. Much complaint is heard on account of truckers packing the potatoes. Our truckers are thus damaging their own interests, and we wish to warn them against it. It is not only dishonest, but absurd and foolish to keep up this kind of thing in face of recent results.

—Winston-Republican: The Charlotte Observer mentions that the Southern Power Company distributes more than $6,000 every week at its monster works on the Catawba river. The company employs 900 men at Catawba Falls where the big power plant is being completed. When the plant is completed it is hard to predict what it will be worth to the country which it will supply with power. The same can be said of the Whitney Co., who are developing the Yadkin river power at the Narrows, with many men and at an immense cost. It is said that the Catawba river development is to supply one portion of the State and the Whitney development, the other, both agreeing not to evade the territory of the other. Winston-Salem will be furnished from the Narrows. Upon the whole both plants are wonderful undertakings and will do much to revolutionize the manufacturing industries of North Carolina.

—Clarkton Express: Bladen people wherever they may be should feel honored at the action of the Judicial Convention in Fayetteville last week in nominating for Superior Court Judge, Hon. C. C. Lyon. Mr. Lyon is a native of Bladen and has spent all of his life here. He is what might be termed a self-made man. He was left an orphan when a small boy and soon had to go out and fight life's battle for himself. Being of a bright turn of mind and possessed of a persevering disposition, he has made a success all through life. As a lawyer he was one of the best, and made an enviable reputation throughout the district as Solicitor. He was appointed Solicitor on the death of Solicitor McLean five years ago, and was then elected to succeed himself in 1902. The fact that he had no opposition before the convention last week shows how popular he is. Mr. Lyon has always been a Democrat and for a number of years has been chairman of the County Excutive Committee.

—Pender Chronicle: The effort to establish a telephone service in Burgaw has succeeded and twenty-six phones will be put in as soon as the Bell Company can get the material on the ground. The matter was left in the hands of Mr. W. D. Croom, who pushed the enterprise to its present proportions. The rates are for business $2 to $2.50 per month; for residence $1.50 to $2.00 per month. The company agrees to furnish services to farmers and others out of town, within ten or fifteen miles in either direction, who will agree to construct and maintain lines from their residences or places of business to a point one mile from the Exchange, at which point the company will meet them with a "metallic service" at the same rates as in town. The Burgaw Exchange will have connection with "long distance," which will allow out-of-town service at the usual toll rates, thus allowing truckers and growers to be in touch with the markets to which they ship. It will afford quite a convenience between here and Wilmington, the purchasing market of many of our people, as it will put them in connection with the system of that city.

—Kenansville Eastern Carolina News: It is reported that the Republicans of Duplin county are going to put out a ticket this Summer. They have "certain" reasons for believing that they can put out a winning ticket in Duplin, and we suppose they are encouraged in doing so by the nightmare of the Industrial News, of Greensboro, which claims the State in the next two years. With "rotation the cry of the nation," as a certain Republican writes as a correspondent to a county paper, they may rotate Doc Williams in as chairman of the party and thereby strengthen the forces. Doc Williams is a black negro living near Kenansville, and is so well known that he would need no introduction, as he did in former days by one of his white friends. And again, the nigger has been disfranchised and they no longer "cut any ice" in North Carolina politics. It has not yet leaked out as to when the Republicans will hold their convention, but the time will be looked forward to with much interest. So far as Duplin county is concerned, every man who votes the Republican ticket simply throws away his vote and a large per cent. of the honest, good men who have from choice voted the Republican ticket will be found allied in the future with the Democratic party for good and honest government.

Big Excursion to Raleigh June 25th

Thomas H. Knight, the manager of popular excursions, will run an excursion to Raleigh, via the fast and elegant Atlantic Coast Line, on Monday June 25th. This is the excursion treat of the year, and will be the only excursion to our beautiful Capital City this year. Raleigh is a city of great historic interest, presenting at every turn views of the picturesque, the beautiful and the grand, sufficient for the gratification of every taste. An excursion to Raleigh is always looked forward to with eager anticipation and remembered with sincere pleasure. Tickets good for one day will be $1.75 good to return on special train leaving Raleigh same night at 12 o'clock.

Tickets for two days $2.25, good on any regular Southern Railway train leaving Raleigh on Tuesday, June 26th. If you are going on an excursion, go somewhere. This is an opportunity that will not be repeated soon.

There will be separate cars for white and colored people. Passengers will be taken on at all stations South of Goldsboro.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptons of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, of Wilmington, residing at 706 Wooster streets, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Doan's Kidney Pills recommended I got a box of them at Bellamy's drug stone. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States

THE MARINE HOSPITAL AGAIN.

Board of Managers of James Walker Memorial Institution Write.

The following official communication has been addressed to Senator Simmons and Congressman Patterson with reference to the Marine Hospital matter:

Wilmington, N. C., June 14th, 1906.
Hon. F. M. Simmons, Senate Chamber, Washington, D. C.

My Dear Sir—A circular proposition was sent to this Hospital, asking bids for caring for sick sailors from the Marine Hospital of this place, owing to the fact, that the Department had ordered the Marine Hospital to be closed on the 30th inst. We gather from this circular that two classes were to be provided for, those afflicted with contagious diseases and those with light malady. We also understand it to be the desire or intention of the Department to retain the services of the Surgeon here, who is to visit and prescribe for these sick seamen. Our Board of Managers did not consider it wise to make any bid for these people for several reasons. First we could not in any event care for contagious diseases as our rules do not admit them to the Hospital and also the quarantine regulations prohibit it. For those afflicted by light sickness, we did not have the capacity to care for, as our local requirements consume all our available space, and being a charitable institution, supported by the city and county, our first duty was to the afflicted poor of our own town or county.

As we understand the surgeon is to be kept here on pay, and the government collects a tax from the shipping to support these sick seamen. It appears to be a hardship on them to farm them out to any one who will take them at any low price, when the government is supplied with a comfortable building fitted for this special purpose, and has a surgeon at hand to minister to them. Besides this is the only hospital in this State, receiving patients from Newbern and all Eastern Carolina, and is also the only Hospital on the Atlantic coast from Baltimore to Mobile, receiving patients from all coast cities. For the government to close this useful institution, dispose of any or all of its equipment, means a loss instead of a benefit, and is not apparently warranted on any grounds of economy, as outside of the salary of the Surgeon in charge there is no direct call on the Treasury as the tonnage tax supplies the funds for care of the sick seamen.

We trust you can so state the case that it will appeal to the Secretary and that the order may be rescinded and these unfortunates be cared for as hitherto. Would say in addition that the city and county would not permit any private party to take sick with contagious diseases as the quarantine regulations would send them to the lazaretto.

Very truly yours,
GEO. R. FRENCH,
Secretary Board of Managers, James Walker Memorial Hospital.

Train Dashed Into Open Switch Near Hamlet—Engineer Injured.

(Special Star Telegram.)

Raleigh, N. C., June 15.—Seaboard passenger train No. 66, northbound, ran into an open switch just south of Hamlet this morning and Engineer George Gill, of this city, was painfully injured by jumping from the train, his left arm being broken and painful bruises received about the shoulders. None of the passengers was injured nor were either engine or cars damaged save in the derailment. The Seaboard authorities claim the switch had not been used by any trains during the day and an investigation showed that the lock had been battered off and the switch evidently set for the malicious purpose of causing a wreck.

If any person shall fish in that part of Black River in Sampson and Cumberland counties and below the Atlantic Coast Line Railway bridge, or in Mingo Creek in said counties below the Averasboro and Clinton Road otherwise than with a hook and line, he shall be guilty of a misdemeanor.

2,472. In certain streams in Cumberland, New Hanover, Brunswick and Sampson counties. If any person shall catch or destroy with seines, nets, firearms, bows and arrows, or by muddying or stirring the waters, or by striking any fish of any kind in the waters of Black or South Rivers, or the waters of Big Coharie, Little Coharie, Bear Skin and Big Swamps in the counties of New Hanover, Sampson, Cumberland and Harnett, and of the waters of Six Runs in the counties of New Hanover and Sampson, and of the waters of the Cape Fear River in the counties of New Hanover and Brunswick, and of the northeast branch of the Cape Fear River in the county of New Hanover, between the fifteenth days of May and August of each year, he shall be guilty of a misdemeanor, and fined not to exceed five dollars.

Section 1, Chapter 756 of the Public Laws of North Carolina, Session of 1905 is as follows:

"That it shall be unlawful for any person or persons to catch or take fish, either by rod and hook, line and hook, seines, nets, striking, muddying the pools or lagoons, feeling by hand, gigging or any other methods or in any manner whatsoever, during the months of June and July of each year in the waters of Black River, South River, Little Coharie and Big Coharie Rivers and their tributaries in the counties of Sampson, Pender and Bladen.

"Section 2.—Any person or persons violating the provisions of this act shall be guilty of a misdemeanor and upon conviction fined not less than $5 nor more than $10, or imprisonment not more than 30 days, one half of the fine to be paid to the informer and one-half to the school fund.

NEWS FROM RALEIGH.

Governor Glenn Out Again—Features of Teachers' Assembly.

(Special Star Correspondence.)

Raleigh, N. C., June 15.—Governor Glenn was at his desk in the executive office this morning for the first time in more than a week. He has by no means recovered yet but his physician consented for him to be in the office until noon attending to some of the more important correspondence. He has had no fever for two days now. He has lost more than fifteen pounds in flesh during his illness. Mrs. Glenn who has also been quite sick for several days was able to it up today.

Dr. F. C. Woodward, of Richmond College, was one of the principal speakers for the Assembly last night, his theme being the "Ideal Teacher." He made a forcible appeal for devotion to the work and special care for helping along the dull pupils. He declared that to attain success in the calling of a teacher there must be a great amount of vital force and personal magnetism.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind. **

LOCAL DOTS.

—License was issued yesterday for the marriage of Miss Louvina Reynolds, daughter of Mr. and Mrs. John Reynolds, of this city, and Mr. William Shadwick, of Wilmington.

—United States District Attorney Harry Skinner has been granted permission by the Government to transfer his office from Raleigh to Greenville and has already made the change.

—Two excursions reached the city yesterday bringing to the city and beaches about 650 people, both trains returning last night. Southerland's excursion brought about 350 from Clinton, N. C., and a mixed excursion came in from Darlington, S. C., bringing about 300 visitors, the majority being colored.

—Mr. Bailey Fennell, a well known and popular young man of this city, left last night for New York whence he will sail on Monday for Panama where he will have a position with the Panama Railroad Company with headquarters at Colon. He resigned his position in the Accounting Department of the A. C. L., in this city, some time ago. His many friends wish him unbounded success in his new field of labor.

—The Waterworks Commission met at the city hall Thursday night with all members save Mr. M. J. Heyer present. The waterworks question was thoroughly discussed and an agreement was reached to have Prof. J. M. Bandy, of Greensboro, N. C., to come here as an expert engineer and make a complete inspection and report on the condition of the plant of the Clarendon Water Company. Prof. Bandy is expected next week.

—Rocky Mount special: "Among the handsome contributions sent Miss Pearl Jones for her bravery in shooting the negro who attempted an assault on her last Sunday morning was a handsome locket and chain by the office force of the A. C. L. Railroad at South Rocky Mount. The locket was handsomely engraved on one side with a monogram of her initials "P. E. J." while on the other side are the words "From Office Forces, S. Ry. Mt."

—Rev. Fred. D. Hale, D. D., pastor of the First Baptist church, writes from Rocky Mount that the rain has so interfered with the meeting there that he has decided to remain until next week. Rev. Braxton Craig, a brother of the distinguished Locke Craig, Esq., of Asheville, N. C., and pastor of the church at Rocky Mount, will come to Wilmington and fill Dr. Hale's pulpit at the usual hours tomorrow. He will be heard with much pleasure in Wilmington.

SOUTHERN RAILWAY MUSS.

Petitioners In Schedule Matter Withdraw Complaint—Strong Statements.

(Special Star Telegram.)

Raleigh, N. C., June 15.—All complaints and petitions before the Corporation Commission against the new schedule for Train No. 111, from Goldsboro to Greensboro, were to-day withdrawn by counsel for the News and Observer and other petitioners. Counsel had assembled for the purpose of agreeing on date for hearing the whole matter when this announcement was made by R. T. Gray. In the course of a statement withdrawing the proceedings he said the commission has by its non-action decided they have no power to punish the Southern Railway for its "supreme contempt." Under these circumstances with the Commission powerless to enforce its order on one side and all powerful Federal Court upon the other, your petitioner sees no good in further pressing matters now before the Commission. They are men of limited means and must wait for other times and other days when the Legislature convenes in North Carolina and pass such Corporation Commission acts as will enable the Commissioners serving under the same to enforce its orders." Counsel for the Southern denied any affront offered the Commission by the action of the Southern in operating its schedule and insisted on filing their exceptions which was allowed.

Merry-go-Round at Lumina.

The merry-go-round at Lumina is now in running order and is ready for business. The merry-go-round is situated just north of Lumina close to the car track. Another attraction, that will add gaiety to that end of the beach is a large ferris wheel which is to be erected in the next day or two. The wheel has already arrived in Wilmington, and will probably be taken down to the beach to-day. The wheel is to be placed just across the car track from Lumina.

HOUSE DECIDES ON LOCK CANAL

Republicans Resisted All Efforts to Purchase Material in Cheapest Market

EVEN LOWEST BIDS SPURNED

Revenue Collectors Can Give to State Prosecuting Attorneys Names of Parties Who Take Out Liquor Licenses.

By Wire to The Morning Star.

Washington, June 15.—By a vote of 110 to 36 the House to-day, at the end of a two-hours debate on the appropriations for the Panama Canal, decided that the canal canal should be of a lock type. After listening to the speech of Mr. Burton, of Ohio, in favor of the lock type and consuming an hour in the discussion of the amendment defining the type as presented by Mr. Littauer, of New York, the House in committee of the whole expressed in favor of a lock canal. By a decisive vote the House refused to sanction the purchase of materials in the markets of the world for the Panama canal, the general position of the Republicans being that as the canal was to be built by American taxes the American working man and the American manufacturers should have the advantage.

Mr. Sullivan, of Massachusetts, and his associates on the Democratic side of the House, attempted to put a limitation on the money voted for the further continuation of the Panama canal by compelling the Isthmian Canal commission to accept the lowest bid as a result of advertisements in the matter established by the Canal Commission. Mr. Sullivan offered a proviso to that effect which created an extended discussion.

Mr. Sullivan said the House had earlier in the day decided upon a lock type for the canal on the ground of economy, but now it was about to vote once more to continue its extravagance. He contended that the manner in which material was being purchased was in the interest of American builders of dredges, American bridge builders and the steel plants of this country, when it was "a nottorious fact" that if bids were open to the world materials could be purchased more cheaply than at present.

Both Mr. Dalzell and Mr. Payne insisted that as the Panama canal was American workingman and the American people they believed that the American Workingman and the American manufacturer should have the benefit of the markets this afforded.

Mr. Payne, of New York, called attention to the fact that the Senate had passed a joint resolution determining once for all who should be favored in the purchase of supplies. He called upon the Republicans to vote down every attempt to throw the purchases away from the American people and this the Republicans did by a series of votes on amendments offered by the Democrats, Mr. Sullivan's amendment being defeated by 121 to 65.

The bill amending the National banking law with Senate amendments was concurred in by the House by a vote of 125 to 70. By the terms of the Senate amendment a National bank may loan to a single borrower a sum not in excess to 30 per cent. of its capital stock, providing that the surplus of the bank is equal to at least twice its capital stock.

The House concurred in the Senate amendments to the bill authorizing collectors of internal revenue to furnish to prosecuting attorneys certified copies of liquor licenses issued by them.

The Senate.

Washington, June 15.—The time of the Senate to-day was in the main divided between the Panama canal bill and the Lake Erie and Ohio River ship canal bill. On the former there were speeches by Senators Teller and Morgan, while in connection with the latter a number of Senators engaged in the controversy over the policy of granting a National charter to an interstate canal.

Senator Bacon took positive grounds against such a course and spoke at length in presentation of his views.

Senator Morgan expressed the opinion in the Senate that the Panama canal will prove a paying investment. The statement was made in connection with the reading of a letter written him by General George A. Davis concerning the profitable character of the Suez canal. In that letter General Davis said that the stock of the Suez enterprise commands a premium of 900 per cent. on the Paris Bouse. "Let us get rid of the idea that we are going to give away a great deal of money," the Alabama Senator. "I believe that if it were a stock concern the stock would be worth $500 on the $100 within a few years after its completion, notwithstanding I fully appreciate the physical difficulties in the way of building a canal at this place decided upon. Let us, therefore, put away all hysteria and despair on the financial feature of the canal project. The figures on the Suez canal are re-assuring on that point."

mortem and post-mortem inspection. They believe the packers should assume the cost of such further inspection, sanitation, etc., as may be necessary to insure clean and healthful canned products. As to the expense to be borne by the packers, the report says that the Secretary of Agriculture shall ascertain what this cost will be, and charge a fee to cover it on each carcass. This fee is turned into the treasury.

The report concludes with the statement that there are good features in both the Beveridge amendment and in the substitute, but the signers of the report favor the Beveridge amendment to the substitute.

The C. W. POLVOGT COMPANY,

...REASONS WHY...

Our goods are all bright, new, clean and up-to-date, bought right, sold right; therefore they move at the rate of nearly a car load per week without SPECIAL SALE, PRIZE OFFERS or other deceptions. Our company is composed of people of integrity and ability, evinced by the fact that all their past business undertakings have been successes; therefore we enjoy the largest confidence of those we buy from and those we sell to.

WE BUY IN CAR-LOAD LOTS

Saving about one-half the freight, pay cash for our goods, saving the large cash discounts; therefore do not have to divide with the railroads and those we buy from.

We assert without fear of successful contradiction that we have saved our customers hundreds of dollars already. We will save money for you if you trade with us

GENERAL MILES ON RACE PROBLEM

Delivered Notable Address to Commencement of Nebraska University.

Lincoln, Neb., June 14.—The annual commencement exercises of the University of Nebraska were held here to-day, the senior class and the graduates of the several colleges, numbering about 300, being addressed by General Nelson A. Miles, this morning. General Miles, referring to the race problem this country has to solve, said:

"There are some matters concerning our past history, our present condition and the probabilities of the future that it may be well for us to consider. The natives of this country, who were dwelling in peace, contentment and happiness when our ancestors landed upon our eastern shores and have been driven from every valley and mountin crest until their race has been nearly annihilated. The Ethiopians, whose ancestors were kidnapped on the coast of Africa and sold into slavery along the Atlantic and Gulf coasts, were subjected to unrequited toil for more than two hundred years and have now increased to between eight and ten millions of souls. More than eight millions of Malays are now held by the arbitrary power of our government with in immediate prospect of relief or independence.

"The red man, the black man, and the brown man have had a hard time under our civilization. whether this will have an effect of changing our form of government from a pure democracy to a more restricted liberty and centralized power, the future alone can determine. In fact whether these different elements of our great population will continue as homogenous in the future as in the past, is a serious problem.

"The only hope and salvation for this nation is universal education and deep seated, strong patriotism that shall permeate and control every communtly, and influence the destiny of the entire nation.'

OUR BIG TRADE WITH JAPANESE

Dealings of United States With Japan Larger Than That With Any Other Oriental Country.

Washington, June 13.—Trade of the United States with Japan is larger than with any other Oriental country, and aggregated in 1905 $106,000,000. The exports to Japan have grown from a little more than $5,000,000 in the calendar year 1895 to $55,000,000 in 1905.

Imports from Japan show a material increase, having been $27,5,000,000 in 1895 and nearly $51,000,000 in 1905. The gain in exports to Japan, comparing 1905 with 1895 is not quite so rapid as those in China, but the growth in imports from Japan is much more rapid than in those from China. In the period from 1895 to 1905 the exports to Japan increased $50,000,000, and those to China $55,000,000.

The growth in exports from the United States to Japan and China has been a remarkable feature in our export trade in the last decade. The increase in exports to Japan was in round terms $50,000,000, while during the same period the growth in exports to all South America was but $32,000,000.

RECEIVERS FOR CAPE FEAR CO.

Foreclosure Proceedings in U. S. Court Against Power Company Constructing Near Fayetteville.

(Raleigh News and Observer, June 15)

In the United States Circuit Court yesterday the Schenectady Trust Company, of Schenectady, N. Y., filed a bill for foreclosure of the mortgage given by the Cape Fear Power Company, organized for the purpose of developing water power at Buckhorn Shoals, in Chatham county, a few miles below Moncure, for the purpose of furnishing electric power to Fayetteville and other towns. The mortgage was made in 1903 to secure an issue of $350,000 of first mortgage bonds and the foreclosure is sought to be made on account of default in the payment of the April, 1905, and April 1906, coupons, amounting in the aggregate to over $31,000.

From averments made in the bill it is inferred that the defendant will not resist the foreclosure of the mortgage.

Judge Purnell appointed as temporary receiver under a bond of $10,000 Messrs. Charles H. Belvin and E. Maxwell, who are directed to take immediate charge of the property and the defendant is notified to show cause on the 29th instant why their appointment should not be made permanent.

THE TEACHERS' ASSEMBLY.

Annual Election of Officers at Raleigh Last Night.

(Special Star Telegram.)

Raleigh, N. C., June 14.—The North Carolina Teachers' Assembly to-day elected officers as follows: President, Supt. J. A. Matherson, of Durham; First Vice President, Thomas R. Foust, of Guilford; Secretary and Treasurer, R. D. W. Connor, of Raleigh. Vice Presidents—W. J. Martin, of Davidson; J. A. McLeod, of McRae Institute; W. S. Snipes, Winston-Salem; F. P. Hall, Gastonia, Miss Annie Wetmore, Greensboro; Mrs. W. C. Brooks, Elizabeth City.

The morning session was devoted to three addresses by Dr. Edward F. Bigelow, of Stanford, Conn., editor of St. Nicholas Magazine, on "Nature Study;" State Superintendent J. Y. Joyner, on "Educational Progress of the Year in North Carolina," and Dr. E. W. Sikes, of Wake Forest, who took the place of President W. L. Poteat, of that college. A declaration by State Superintendent Joyner in favor of rural high schools and "that North Carolina is compelled to adopt compulsory attendance law to rid itself of illiteracy" was received with marked approbation.

THE COTTON MARKETS.

New York, June 15.—The cotton market acted somewhat unsettled today and after a quiet morning turned more active with the close at a net decline of 5 to 10 points. Sales for the day were estimated at 150,000 bales.

The market opened steady at unchanged prices on old crop months and 3 points lower to one point higher on new which was just about in line with the cables. At first the market was fairly steady offerings being checked by continued rains in the eastern belt while it remained dry in the southwest and complaints of drought and insects are being received from that section. But these conditions did not seem sufficiently serious to promote fresh buying for long accounts and after the first batch of covering orders had been executed the market turned easier under a renewal of Wall street offerings and broke to a net loss of 8 to 10 points in the late trading. The market closed steady and prices were a point or two up from the lowest on the active months as a result of covering.

Receipts cotton at the ports to-day 4,458 bales against 9,118 last week and 10,607 last year. For the week 30,000 bales against 55,170 last week and 80,376 last year. To-day's receipts at New Orleans 491 bales against 1,920 last year and at Houston 1,397 bales against 2,204 last year.

Spot cotton closed quiet; middling uplands, 11.20; middling gulf, 11.45; Sales, 2,865 bales.

Don't Hesitate
If you suffer from any kind of female troubles, don't hesitate to take Wine of Cardui. It is a medicine which, for over half a century, has proved of remarkable efficacy in just such diseases.
"For the last nine years", writes Sam'l. L. Davidson, the well known real estate operator of 1655 Eliot St., Denver, Colo., "my wife suffered from female troubles, and if it had not been for
WINE OF CARDUI Woman's Relief
she would be suffering yet. I broke up my business East to bring her here, but it did not improve her general health. Our physician could not help her, and all his skill came to naught. She asked him if there was no known cure for female trouble. He said there was a patent medicine, but would not tell her its name. So she asked her druggist, and he recommended Wine of Cardui. After trying it, my wife says that Cardui, with plenty of fresh air, will do more than all the doctors combined, and we recommend it to all female sufferers, where no surgical operation is necessary." WADSWORTH STRIKES AT MR. ROOSEVELT

Resents President's Inuenndoes and Reflections on Competency and Sincerity of Committee of Congress Concerning Meat Inspection Bill.

By Wire to The Morning Star.

Washington, June 15.—Chairman Wadsworth, of the House Committee on Agriculture, to-night made public the correspondence between President Roosevelt and himself regarding the meat inspection bill prepared by the committee.

In his reply to the President's letter, Mr. Wadsworth declares the President is "very, very wrong" in his estimate of the committee's bill; calls attention to provisions in the bill, and concludes with an expression of regret that the President should feel justified, by innunendo at least, in impugning the sincerity and the competency of a committee of the House of Representatives. "You have no warrant for it," says Mr. Wadsworth in closing.

Quoting from the President's letter where he says that the House measure "doubless suits the packers, who object to a thorough going inspection, Mr. Wadsworth says:

"I told you on Wednesday night, when I submitted the bill to you, that the packers insisted before our committee on having a rigid inspection law passed. Their life depends upon it, and the committee will bear me out in the statement that they gave us many valuable suggestions, based upon their practical knowledge of their business.

"Your other actual criticism of the amendment refers to the 'court review' clause. The worst that can be said of this clause is that it is perhaps unnecessary—that it is already covered by existing law.

"The rest of your letter deals with generalities and a general condemnation of the committee's bill. If you or your advisers will point out specifically wherein it actually fails to accomplish your purpose, I can assure

SAW HIS OWN DEAD BODY UNDERNEATH A SHROUD

Startling Testimony of Zion's Prophet in Chicago Court Yesterday—Says His Soul and Body Once Separated—Angel Gabriel.

By Wire to The Morning Star.

Chicago, June 15.—John Alexander Dowie, testifying in the hearing of Zion City controversy in Judge Landis' court this afternoon, told of an instance when his body and soul became separated and in his spiritual being he distinctly saw his own dead body lying beneath a shroud. It occurred, he said, while he was fighting the liquor traffic in Melbourne, and was regarded by him as a divine warning that he was about to die. At another time the witness asserted his spirit left his body and the Angel Gabriel and the Virgin Mary were present in the realm visited by his spirit. This narration of life and death was brought out by Attorney Newman during his cross examination of Dowie. Following the visition, the witness continued, two acquaintances came to him and told him they had dreamed that he was to be assassinated. Then, while alone in the tabernacle came a voice warning him to "arise and go." "I went" said Dowie, "and while on my way home I heard an explosion. The next day I found that my enemies had tried to kill me with dynamite. The back of the tabernacle had been wrecked."

Dowie denied in the course of the examination that he had ever represented himself as Elijah the Restorer, subsequently qualifying the statement by saying that he told his people that he "came in the spirit and power of Elijah." On September 18th, 1904, he said, he proclaimed himself as the "First Apostle," but when pressed for an explanation as to how he received commission, he replied: "I can't tell you."

Dowie declared that he had received a direct command from God on an occasion when he held a meeting of 4,000 persons who had been cured of disease. A voice repeated three times the words "Go forward."

MR. ROOSEVELT IS DICTATORIAL

Determined to Have Meat Inspection Law to Suit His Own Ideas

REJECTS THE SUBSTITUTE

Representative Adams Who Voted for Substitute Will Give in and Go With President — Important Conference at White House.

By Wire to the Morning Star.

Washington, June 15.—As a result of an important conference held at the White House this afternoon, a change has taken place in the situation which may make for a solution of the difficulty in which the House Committee on Agriculture found itself after the President had indicated that the committee's substitute for the Beveridge amendment was wholly inadequate and unsatisfactory. The participants in the conference, besides the President, were James B. Reynolds, who assisted in making the packing house inquiry for the President; Solicitor McCabe, of the Department of Agriculture; and Representative Adams, of Wisconsin, one of the Republican members of the Committee on Agriculture who signed the majority report on the meat inspection substitute.

After discussing the House substitute thoroughly with Representative Adams, the President indicated just what he wanted written into the law. Mr. Adams said he would be perfectly willing to accept the suggestions made by the President and would work to that end in the committee. The President told him frankly, as he told Chairman Wadsworth yesterday, that the substitute, as prepared by the majority of the House committee, was absolutely inadequate to meet the requirement of the situation. He objected particularly to the court review paragraph which, he thought, ought to be eliminated.

The President said to Mr. Adams that he was not trying for any particular form of words in the proposed law, but he was after a substance that would be effective and adequate and proposed to get it if that were possible.

GUILFORD BATTLE GROUND.

Nash and Davidson Monuments to be Unveiled, July 4th.

Grensboro, N. C., June 15.—At the annual celebration that will be held at Guilford Battle Ground on July Fourth next, monuments to Generals Francis Nash and William Lee Davidson will be unveiled.

These are very beautiful, massive and imposing arches spanning the historic "Old Newbern and Salisbury Great Road." This commemoration of the character and deeds of these noble Revolutionary heroes will assemble the intelligence and patriotism of North Carolina and a number of distinguished citizens from other States and from the City of Washington. The fame of the honored dead will be safe in the hands of Col. A. M. Waddell and Major W. A. Graham, who will be the chief speakers and who will give us historical sketches worthy of that classification and clad in oratory of a very high order. Many others will address us. All are cordially invited to be present and share in the pleasing labors and honors of the occasion, and it is submitted all ought to come who can. JOS. M. MOREHEAD,

SUITS THE PACKERS ROOSEVELT BELIEVES

Secretary Loeb Gives Out Synopsis of President's Letter Objecting to Packing House Inspection Bill—Minority Report Goes Further.

By Wire to the Morning Star.

Washington, June 15.—An informal conference of those members of the House Committee on Agriculture whose votes authorized the report on the substitute meat inspection bill to which the President objects, was held to-day. After the conference Chairman Wadsworth conferred with Speaker Cannon after which the speaker, upon being asked regarding the situation, had this to say:

"I do not care to discuss for publication the report of the House Committee on Agriculture touching meat inspection. It is now pending before the House and in common with other members of the House I am satisfied that it will receive safe and sound consideration. I am also satisfied that before Congress adjourns legislation will be enacted to provide for efficient inspection for one-third the world's meat product finding in the United States and in foreign countries. The floor of the House is the place for debate, consideration and action regarding a matter which is pending legislation."

Chairman Wadsworth has written a letter to President Roosevelt in reply to that received by him from the White House last night. Chairman Wadsworth declined to make any statement.

Secretary Loeb to-day gave out the following summary of the letter President Roosevelt wrote Chairman Wadsworth, disapproving of that committee's substitute for the Beveridge amendment regarding the inspection of meat products:

"In the letter to Mr. Wadsworth, the President stated that almost every change in the proposed House amendment was a change for the worse as compared with the Senate amendment and that no matter how unintentionally, it was in the President's judgment so framed as to minimize the chance of rooting out the evils in the packing house business; that the President felt it would doubtless suit those packers who objected to a thorough-going inspection, but he also felt it would in the long run be a heavy blow to the honest stock raiser and the honest packer; that the proposed amendment would gravely hamper the Secretary of Agriculture in doing the work appointed him to do, and would simply defer the day when we could restore the foreign and interstate trade in meat to a satisfactory position. The President has explained verbally that he is far less concerned with the question as to whether the packers or the government should pay for the inspection than with certain other features in the bill."

It is pointed out by Representatives Adams, Brooks and Lorimer, members of the committee, that the lack of night inspection to which the President calls attention as being a fault of the substitute, is provided for in two pararaphs of the substitute bill. In one place the language is: "Said inspectors shall have access at all times to every part of said establishment." In another, referring to the inspection to be made, the language is:

"During the night time as well as during the day time when the slaughtering of said cattle, sheep, swine and goats, or the preparation of said food products is conducted during the night time."

A minority report signed by Representative Lamb, of Virginia, Bowie, of Alabama, and Candler, of Mississippi, was filed to-day on the substitute for the Beveridge amendment reported by a majority of the members of the House Committee on Agriculture.

"In our opinion," the report concludes, "the Beveridge amendment after correcting certain minor provisions, will be a far better bill and accomplish the purposes intended more satisfactorily than is possible under the provisions of the House substitute."

The three points of placing the cost on the government, the court review and the waiving of the civil service law for one year in the selection of inspectors, are made the principal points of objection to the substitute in the reports. After stating that the packers are to blame for existing conditions, the report says:

"Can it be tolerated that those whose acts have endangered the public health and undermined the public confidence shall escape from the conditions which they have created without penalty of any kind, and with the added premiums of $2,000,000 annually from the treasury of the United States to pay the expenses of correcting their own wrongs?"

Commenting on the testimony before the committee the report says that the only contradiction made to the Neill-Reynolds report was by the general manager of one of the packing houses "who undertook to testify not only as to the condition in his own establishment, but in that of all the other establishments in the city of Chicago and who not only undertook to testify in rebuttal of statements made by Messrs. Neill and Reynolds as to the facts within their knowledge about conditions in other establishments than his own, but actually made statements upon conditions that had transpired when he was not in Chicago at all and, therefore, could not possibly have had personal knowledge of the matters about which he assumed to enlighten the committee."

The court review provision for the substitute is characterized as "a sword over the heads of the inspectors engaged in the discharge of their duties and to cripple materially the efficiency of the service." Under this provision the report says a Federal Circuit Judge can review the finding of any inspector and of the Secretary of Agriculture, whether on a point of sanitation or with respect to the condition of any meat or meat food products "and thereby have the inspection system of the United States intended to protect the public health, to be tried and controlled by the Federal Circuit Courts. We assert that it is not a proper judicial function which they have attempted to impose upon the courts."

The waiving of the civil service provision is declared to be "an unsound and vicious policy." The inspectors appointed within the period named, it says, will hold office for life.

A second minority report on the House substitute for the Beveridge amendment and signed by Representative Haugen, and Representative Davis, was filed in the House to-day just before adjournment. The same fault is found with the court review provided and the civil service amendment as in the first minority report.

As to the cost of inspection, Messrs. Haugen and Davis believe the government should pay the cost of the ante-

GREATER FURY AGAINST JEWS

Disorders Broke Out Again at Bialystok and Excesses Continue

DEAD ARE LYING IN STREETS

Peasants Come in From Country With Sythes and Clubs to Aid Their Co-Religionists—Parliament Will Investigate Massacre.

By Cable to The Morning Star.

St. Petersburg, June. 15.—Disorders appear to hve broken out at Bialystok this afternoon with even greater fury than characterized Thursday's riot. No dispatches have been received to-night direct from Bialystok where the telegraph office is closed; but semi-official messages from Grodno and Minsk report that the excesses were started again to-day by the throwing of several bombs. The crowds, according to these dispatches, then opened fire on the police station to which the troops replied, and there was a constant interchange of shots between Jews in their houses and soldiers in the streets. A mob of peasants, armed with clubs, sythes, etc., who had found their way into the city Thuraday, was participating in the roting.

A dispatch from Minsk states that the authorities had been fully forewarned of the possibility of trouble Thursday and had re-called a battalion of infantry and several squadrons of cavalry from their Summer camp to strengthen the garrison, but without overawing the fomenters of trouble.

Grodno, June 15.—According to reports received to-day from Bialystok, fusillading has continued throughout the city, all day. Jews firing from the windows of their houses, the soldiers answering with volleys, crowds of peasants armed with clubs and scythes, pillaging and beating Jews, and cavalry patrols hunting down pillagers. The city has been cordoned in order to prevent the ingress of more peasants. Many persons are reported to have been wounded, but the number of dead is said to be conparatively small. Exact details of to-day's disturbances are lacking; but Thursday's pillaging is attributed largely to peasants from the country.

Parliament Takes Action.

St. Petersbruy, June 15.—The lower house of Parliament read the government a lesson to-day on promptness of investigation of the Bialystock outbreak, a committee of three having been named and departing this evening for Bialystok in the hope that the presence of representatives of Parliament will check the disorders and have a salutary affect on re-actionary officials, if the charges are true that they are inspiring excesses.

The membership of the commission is significant, including deputes Jacobson, a Jew; Arakantseff, former procurator of Minsk, who was dismissed from office and banished because he recommended the trial of Governor Kurloff for inciting the anti-Jewish excesses at Minsk in November of last year, and t. Chepkin, of Odessa, who investigated the October riots in that city and demanded the prosecution of Neidshardt, the perfect of police of Odessa, as the provoker of the riots.

Dead Laid in Streets.

Bialystok, June 15.—For hours the bodies of the dead and wounded lay uncared for in the streets after the riot. The Jews concealed themselves in cellars and attics in order to escape the fury of the mob and many fled from the city.
